Provisional Estimates of State Income of Uttarakhand (Year 2016-17)

State Income Estimate is *aggregate money value of goods and services* produced within the geographical boundary of an economic-region of the state counted without duplication, during a specific period of time usually a year.

These are initially estimated for a Base Year (with respect to which growth/development is reflected) and subsequently for forthcoming/ following years. Basically four estimates are prepared:

- (1) Gross State Domestic Product at Current Prices (Size of the Economy)
- (2) Gross State Domestic Product at Constant Prices (Growth Rate of Economy)
- (3) Net State Domestic Product at Current Prices (Per Capita Income)
- (4) Net State Domestic Product at Constant Prices

However, two more estimates/ indicators are derived from the above estimates.

- (5) Per Capita Income of the State - NSDP at Current Prices divided by the current population of the state.
- (6) Growth Rate of the State - Percentage Change in GSDP (Calculated at Constant Prices i.e. Base-year Prices) of Current Year with respect to the Previous Year (This reflects the growth in actual production i.e. eliminating the effect of prices)

Directorate of Economics & Statistics (DES), Department of Planning is entrusted with the task of preparing the state level estimates. On the basis of new base year 2011-12, Directorate released last estimates on base year 2011-12 on 28th July 2016. Last release estimates were final from year 2011-12 to 2013-14. However due to change in base year for IIP & WPI from 2004-05 to 2011-12 & the change in the supra-regional estimates, the estimates are revised accordingly. Change in growth rates & in GSDP estimates due to above change bring the difference in the estimates from base year 2011-12 as compared to our previous release, which is reflected in the following table.

(At Current Prices (In Rs. Crore))					(At Constant Prices (In Rs. Crore))

Directorate has reconciled the estimates after discussions with officers of National Account Division, Central Statistics Office (CSO), MoSPI, Govt. of India, New Delhi. DES also incorporated latest estimates received from various sources & the latest survey results in various economic activities. Data provided by the state agriculture department & other line departments, Budget analysis, data of departmental & non-departmental enterprises as well as of private sector, latest data is used for the estimation process. The estimates for the year 2014-15 & 2015-16 are revised & hence estimates for the year 2014-15 are final, whereas estimates of 2015-16 are quick and 2016-17 are provisional estimates. Salient Features of the estimates are as follows:
